

A woman is lying in bed, holding a white pillow. The entire image is overlaid with a semi-transparent blue filter. The background shows a tufted headboard and white bedding.

Flexabed

Product Guide

www.Flexabed.com

SINCE 1969

Handcrafted in LaFayette, Georgia

Flexabed sets the standard for comfort and convenience in adjustable beds. Every Flexabed adjustable bed is hand-built to your specifications by expert craftsmen in LaFayette, Georgia using the same principles of care and consideration we have built our reputation on since 1969.

WE STAND BEHIND OUR PRODUCTS

Our Industry-Leading Warranty

A bed is only as good as the peace of mind you feel when you sleep on it. Our product warranties affirm our strong reputation in the industry. We want you to love your Flexabed experience enough to recommend our products to your friends and family when they are ready to purchase their next bed. We strive to earn your praise for "the best bed I ever had..."

p4

PREMIER

The Ultimate in Luxury

This full featured bed can be customized in hundreds of configurations, including several mattress options, 17 sizes and your choice of wired or wireless remote control. We use a whisper-quiet motor with dual-timed massage for a little extra enjoyment. Targeted support takes the strain off your back. The foundation of any great bed is the comfort it provides.

p6

HI-LOW

Adjustable Height Beds Make Transitions Easier

Need the vertical adjustment of a hospital bed but want the comfort and size of a luxurious home mattress? The full-featured, ultra-comfortable Flexabed Hi-Low comes in a full range of sizes. Perfect for caregivers who seek easier transfer and those who want back support while sitting up to read or watch television.

p8

VALUE-FLEX

Budget Conscious Comfort and Support

Our most affordable adjustable bed includes one-touch wired controls, the ability to attach existing headboards, a quiet motor, an innerspring mattress in your choice of soft, medium or firm construction, and more—hand-built to your specifications.

Flexabed Premier

The Flexabed Premier sets the standard for comfort and convenience in an adjustable bed. Every amenity Flexabed offers can be added to the Premier model. This fully customizable bed can be designed and built in hundreds of configurations to fulfill your specific needs.

As the day winds down, relax in your new Flexabed Premier with a good book or your favorite movie. Either way, put up your feet and enjoy the contentment that comes from a day well spent.

A luxurious sleep is only moments away with Flexabed's dual timed massage featuring soothing, whisper quiet wave and pulse technology at your back and legs.

With the Flexabed Premier, a good night's sleep lasts all day long.

Every Premier comes with

- a lifetime, limited warranty.
- your choice of one-touch wireless or wired remote.
- whisper-quiet Linak® motors with optional, dual timed massage.
- an 8 inch foundation profile, high-density, heavy duty padded base made with Advantech® material that will not warp, break or squeak. If you plan to add side rails, the Premier must be ordered with a 4 inch foundation profile.
- locking casters.
- the ability to attach to existing headboards.
- a Premier mattress featuring a beautiful knit fabric quilt panel with a tack and jump pattern and a suede border with designer taped edges. It is thicker and more luxurious than ever before. Choose from soft, medium or firm construction.
- under bed lighting for easier view of surfaces in darkened bedrooms.
- user-programmed memory positions.
- variable-speed vibration.
- our highest quality adjustable bed for those who do not need the functionality to raise or lower vertically.

Sizes and Options

The Flexabed Premier is available in twin, full, queen, dual queen, king, dual king, and California king in 74, 80 and 84 inch lengths.

Mattresses are also available in low profile, memory foam core*, gel memory foam*, latex* or combination innerspring/memory foam*. See page 9 more more information. (*Additional charges apply.)

The height of the Flexabed Premier comes standard at 23 inches and can be lowered to 21 inches by removing the casters. The height of each bed can also be raised in 1 inch increments from 2 to 7 inches with optional leg extensions.

Remote Options

The Premier comes with your choice of one-touch wireless or wired remote.

Quickly activate the motors to adjust your Flexabed to the position you desire using memory positions programmed to repeat on your remote. Couples

sleeping side-by-side can make adjustments that leave their partners undisturbed. The Premier Wireless Remote functions much like a television remote, allowing users to raise and lower their feet or head in much the same way as they would increase or decrease the sound or change channels. With the wireless remote, you can adjust your bed while standing in the bathroom brushing your teeth before turning in for the night. Backlit remote buttons allow you to see which actions you are selecting, even in the dark.

Premier Wireless Remote

Flexabed Hi-Low

The ideal bed for those in home healthcare, or assisted living environments, the Hi-Low can be raised and lowered vertically with a touch of a button — making the Hi-Low model ideal for customers who require additional assistance when entering or exiting the bed.

Close your eyes and envision what it's like to spend the entire day feeling refreshed, energized and relaxed.

If you need relief from the symptoms of injury, chronic pain or illness, there's nothing more refreshing than an adjustable bed. You can raise or lower your head and feet to find your favorite position with our whisper quiet dual motor technology by Linak®.

Relaxation has never been so effortless.

Every Hi-Low model comes with

- a five-year limited warranty.
- your choice of one-touch wireless or wired remote.
- whisper-quiet Linak® motors with optional, dual timed massage.
- a 4 inch foundation profile, high-density, heavy duty padded base made with Advantech® material that will not warp, break or squeak.
- a Premier mattress featuring a beautiful knit fabric quilt panel with a tack and jump pattern and a suede border with designer taped edges. It is thicker and more luxurious than ever before. Choose from soft, medium or firm construction. Mattresses are also available in low profile, memory foam core*, gel memory foam*, latex* or combination innerspring/memory foam*. (*Additional charges apply.)

- a mattress retainer cover for the foot of the bed.
- locking casters.
- optional side rails and protective covers.
- the ability to be paired with a Flexabed Premier or Value-Flex — perfect for a spouse.

The Hi-Low model is available in twin, full, queen, and dual king in 74, 80 and 84 inch lengths.

A Flexabed adjustable bed should not be considered an alternative to a hospital bed. A physician should be consulted when health issues are involved as to the appropriateness of an adjustable bed.

EASE OF USE

How This Model Works

1. *Ease onto the bed with both feet on the floor.*

The height of the Hi-Low model comes standard at 26 inches. For customers requiring a lower height, the casters can be removed to make the bed 24 inches high. Our optional low profile mattress further reduces the minimum height to 21 inches with or 19 inches without casters.

2. *Raise the bed vertically with the touch of a button.*

A standard hi-low model can be raised with the hand control to a height of 33 inches. When the casters are removed, the bed can be adjusted to 31 inches. This is ideal for customers who require additional assistance when entering or exiting the bed.

3. *Find the most comfortable position for you.*

Raise or lower your head and feet with our whisper quiet dual motor technology and activate the optional dual timed massage featuring wave and pulse technology at your back and legs. Relax and enjoy.

Flexabed Value-Flex

The Value-Flex is our most affordable adjustable bed. This entry-level adjustable bed is perfect for those living on a restricted income.

Forget the caffeine. Instead, wake up naturally from a deep, restful sleep. No sore muscles. No lingering sleepiness. Just the pleasure of being alert and ready to take on the day.

With the energy that comes from a great night's sleep, the day is yours. Play a round of golf or ride around on your bike — maybe even take a leisurely stroll around the block. Do whatever you like.

Because every Flexabed is hand-crafted using the highest-quality materials available, it supports the mattress — and you — perfectly. If you've been dreaming about discovering this kind of comfort in a bed, consider the Value-Flex adjustable bed.

You'll be amazed at how energized you feel all day.

Every Value-Flex comes with

- a five-year limited warranty.
- one-touch wired remote.
- whisper quiet Linak® motor technology.
- a 4 inch foundation profile, high-density, heavy duty padded base made with Advantech® material that will not warp, break or squeak.
- an innerspring mattress in your choice of soft, medium or firm construction.
- locking casters.
- the ability to attach to existing headboards.
- The Value-Flex comes standard in twin, full, queen, dual queen, and dual king in 74, 80 and 84 inch lengths.
- The height of the Flexabed Value-Flex comes standard at 23 inches and can be lowered to 21 inches by removing the casters. The height of the bed can also be raised in 1 inch increments from 2 to 7 inches with optional leg extensions.

SOFT AND SUPPORTIVE

Select Your Mattress

Our Premier mattress features a beautiful knit fabric quilt panel with a designer border and taped edges. The plush, multi-layered, quilted cushion-tops are made with hi-density, super-soft polyurethane foam and flame-resistant polyester fiber, while the bottom layers are protected by a non-skid material that prevents the mattress from sliding across the adjustable foundation and provides a flame-resistant barrier. Our gel-foam mattresses feature smooth-top zipper covers to keep you as close to the cooling gel as possible. Our mattresses are thicker and more luxurious than ever before.

Select from 14 stock sizes with unlimited custom dimensions available.

Innerspring

Our traditional innerspring mattresses are available in soft, medium and firm.

Innerspring/Memory Foam Combination*

We combine the traditional support of innerspring with the luxury of memory foam.

Memory Foam Core*

"Melt" into a memory foam mattress with 2 inches of gel-infused memory foam that cradles every curve and pressure point on your body.

Gel Memory Foam*

3 inches of smooth-top, gel-infused memory foam creates a cooler sleeping surface for a refreshing, rejuvenating sleep.

Latex*

Our natural latex provides the soft feel and dynamic support of a luxurious, custom-molded mattress.

Low Profile*

Our low profile mattress reduces overall bed height by 6 inches.

* Only available with Premier and Hi-Low models.

ACCESSORIES

Customize Your Bed

We make every bed by hand in our LaFayette, Georgia factory.

So not only do you get excellent craftsmanship, you have a partner who can add just the right accessory or specification to satisfy your request. Some customers prefer their Flexabed a little higher off the floor. Others ask for an easier way to change the sheets. Whatever your needs or requests, Flexabed can most likely accommodate them.

Side Rails

Side rails provide added security while you sleep. They fold away when not in use.

Each bed can accommodate up to four side rails. The

Premier must be ordered with a 4 inch foundation profile to be used with side rails.

Side Rail Covers

These cushion the rails and feature a large pocket for conveniently storing your bed

controller, eyeglasses, magazines, and more.

Lower Bed Heights

When needed, you can lower the height of any Flexabed model 2 inches by removing the casters.

Lighting

Under-bed lighting illuminates the floor space around your Flexabed so you can see any obstructions blocking a path to the bathroom in a darkened bedroom.

Leg Extensions

To set a custom bed height that matches the height of your existing bedroom furniture, leg extensions can be added to adjust the top of the mattress from the floor. The height of the bed can be raised in 1 inch increments from 2 to 7 inches. Leg extensions can not be used on the Hi-Low model.

Swingaway Brackets

Swingaway brackets create a hinge between our headboard bracket and your headboard for easier cleaning and changing of sheets on a dual queen or dual king bed. Brackets cannot be used with the Hi-Low model.

Custom Fitted Sheets

Luxurious, white, poly/cotton fitted sheets designed exclusively to fit our mattresses. These sheets also fit most other manufacturers' beds as well.

Massage

Add dual-speed vibration to your Flexabed for a soothing effect to help when you have a muscle tension or need assistance relaxing to fall asleep.

FIND YOUR FIT

Model Comparison

Flexabed sets the standard for comfort, convenience and custom features in an adjustable bed. Every bed we make is backed by an industry-leading warranty so Flexabed owners will enjoy years of comfort and better sleep.

Regardless of the model, every Flexabed is hand built in the USA by expert craftsmen to your size and height specifications using the same principles of care and consideration that we have built our reputation on since 1969.
